

The Alderton Infant School

PE and Sport Premium Statement 2015-16

Since 2013 the government has funded the primary PE and sport premium. The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of all primary-aged pupils, to encourage the development of healthy, active lifestyles. Allocations for the academic year 2015 to 2016 are calculated using the number of pupils in years 1 to 6, as recorded in the January 2015 census. Schools with 17 or more pupils receive £8,000 plus £5 per pupil. In 2015-16 our school received £8,635 and in 2016-17 we anticipate £8,670.

Use of funding:

1. Employing specialist coaches to work alongside Teaching Assistants / MDAs in lessons to increase their subject knowledge and confidence in sporting activities (£6,300 per annum)

We enjoy a long established partnership with Tottenham Hotspur and employ a multi-skills coach to deliver sessions with all year groups each Thursday. The children benefit from being taught by a qualified coach and our Teaching Assistants (some of whom are also Midday Assistants) are developed through sharing good practice and assisting in lessons. This will continue in 2016-17.

While coach Ryan Blackman leads weekly lessons he also leads a football club after school for 16 children. The club is over-subscribed.

2. Buying into existing local sports networks such as school sport partnerships and initiatives. (£1,200 per annum)
--

We are proud to be a part of the longstanding West Essex School Sports Partnership, which offers competitions, school-to-school support, professional development, data monitoring, co-ordination of local strategy and access to resources. During 2015-16 our Deputy Headteacher attended partnership meetings regarding local KS1 inter-school events. Where necessary we pay for transport, so that pupils can attend an increased number of inter-school sporting events. This will continue in 2016-17.

*SSCO Rugby World Cup assembly for KS1 and tag rugby workshops for KS1 classes in October 2015 – photos on school website
SSCO data for 2015-16 shows that 210 pupils took part in opportunities*

3. Providing extra, additional activities. (£4,560)
--

We are employing a gymnastic coach to work with each class – year 2 autumn term, year 1 spring term. Our Teachers are developed through sharing good practice and assisting in lessons. This will ensure that good practice becomes sustainable. We have purchased a springboard, two new benches and mats. This will continue in 2016-17.

We successfully submitted a bid for £400 to Active Essex to enable reception children to also enjoy gymnastic sessions.

While coach Karen Wilson leads weekly lessons, she also leads a gym club after school for 16 KS1 children. The club is over-subscribed.

As the gymnastic sessions have been well received by pupils, parents and staff, it will continue in 2016-17. Teachers say, “The children gained in confidence to try new things, developed a good understanding of safety when doing activities and how to keep themselves and others safe when taking an active part. They built up skills over time to

perform and demonstrate sequences to each other.”

4. Paying for professional development opportunities for staff in PE and sport (From CPD budget and supply cover to release staff)

The Deputy Headteacher is responsible for leading and coordinating professional development across the school. Long term this will ensure that PE and sport related activities and skills become sustainable. All courses attended by staff are reported on a termly basis to the Governing Body.

*2/10/15 Part 1 safety in gymnastics – two NQTs £200 plus supply cover of £170
9/12/15 Part 2 safety in gymnastics – two NQTs £200 plus supply cover of £170
SSCO / PLT meetings – Tracey Melia 16/9/15 and 17/1/16*

5. Providing further dance opportunities (from School Fund, £40 per hour)

We enjoy a long-standing partnership with Epping Forest Dance and our dance tutor, Elysia Webb. She has led workshops for all children, including reception, in summer 2016. The finale was a “Sponsored Bop” for parents to watch and photos are on the school website. KS1 children also took part in an eight week project “Active Assembly” in spring 2016 which linked healthy eating with dance and movement.

Elysia also leads a dance club after school for 20 KS1 children. The club is over-subscribed.

6. Providing places for pupils in after school sports clubs. (Aim to continue to target PPG children during 2016-17, currently funded from PPG budget)

*Dance (Monday) 20 places, 5 free places during 2015-16
Gymnastics (Wednesday) 16 places, 5 free places during 2015-16
Football (Thursday) 16 places, 10 free places during 2015-16
Karate (Friday in the Junior hall)*

Quotes from parents / Impact

Dance:

“Learning new moves and showing off to Mummy. New experiences are always exciting. Genevieve loved talking about her new dance hobby to all who would listen.”

“Really love the teacher, she develops such good relationships with the children.”

“Already interested in a variety of music prior to the club but now he dances along.

Enjoys showing us his dance moves and is interested in doing street dance classes.”

Gymnastics:

“My daughter (Yr R) has had a handful of lessons at the school and can do a cartwheel and handstand! She totally loves it and tells me all about it when she gets home!”

“More places, so we can get a space again next term!”

“He does look forward to going.”

Football:

“Alfie enjoys the whole session... his asthma has improved.”

“It helps her play well as part of a team and is also good exercise.”

“Ronnie really enjoys the football club. Maybe more days could be added to secure places for all wanting to sign up again.”

Data / Impact

KS1 Assessments July 2015

Year 2 86.2% working at or above age related expectation – of those below age related expectation - 4 children at gym trail, 1 child new to school

Year 1 93.3% working at or above age related expectation – of those below age related expectation – 2 children at gym trail, 1 medical reason

KS1 Assessments July 2016

Year 2 93.2% working at or above age related expectation – of those below age related expectation - 4 children receiving support for health, fine motor development or communication related issues

Year 1 95.9% working at or above age related expectation – of those below age related expectation – 3 children receiving support for fine motor development or communication related issues

2016 -17 Aim to at least sustain these figures.

External Validation / Impact

Key Stage 1 Active Schools Quality Award November 2015, *“We would like to commend you and your school on the high quality of the PE and school sport offer and delivery within The Alderton Infant School.”*

Essex Healthy Schools Award Summer 2015

Essex Enhanced Healthy Schools Award – application pending. Aim to achieve during 2016 -17

Healthy Eating Programme for Year 2 summer term, with Provide Health Service input

National Child Measurement Programme 2014 -15 data:

National figure for Reception (aged 4-5) 9.1% were obese and another 12.8% overweight
School figure for Reception (aged 4-5) 9% overweight, 91% healthy weight

Review

The Governing Body will review the use of the funding on an annual basis and assess how effectively it is being used to improve PE and sport provision, equality of opportunity and best value.
