PE and Sport Premium Review Statement 2016-17

The primary PE and sport premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of all primary-aged pupils, to encourage the development of healthy, active lifestyles. Schools with 17 or more pupils receive £8,000 plus £5 per pupil. In 2016-17 we received £8,670 towards provision.

[\(Plans for 2017-18 are indicated below\)](#)

Use of funding:

1. Employing specialist coaches to work alongside Teaching Assistants / MDAs in lessons to increase their subject knowledge and confidence in sporting activities (£6,300 in 2016-17)

We have enjoyed a partnership with Tottenham Hotspurs and employed a multi-skills coach to deliver sessions with all year groups each Thursday. The children benefit from being taught by a qualified coach and our Teaching Assistants (some of whom are also Midday Assistants) are developed through sharing good practice and assisting in lessons.

While coach Ryan Blackman leads weekly lessons he also leads a football club after school for 16 children. The club is over-subscribed.

2. Buying into existing local sports networks such as school sport partnerships and initiatives. (£1,200 per annum)

We are proud to be a part of the longstanding West Essex School Sports Partnership, which offers competitions, school-to-school support, professional development, data monitoring, co-ordination of local strategy and access to resources. During 2016-17 our Subject Leader Miss Schaad has attended partnership meetings regarding local KS1 inter-school events and increased the number of sporting events for children. Where necessary we have paid for transport, so that pupils can attend inter-school sporting events.

2017-18 The partnership with Davenant will continue (£1,200) plus transport where required (approx £500) Miss Schaad will continue to co-ordinate events (Release £500)
